International, volunteer-based and autonomous, with no political or religious affiliation.

Active for more than 10 years *as part of the API Colomiers school network, we work to ensure that:*

- children study in the best possible conditions and thrive at school,
- parents are informed, heard and supported throughout the school year.

Our commitments:

To listen to all parents: to gather your suggestions and questions so that we can represent you at class meetings, as well as at administration meetings, disciplinary meetings, etc. To assist you in complex situations.

To improve schooling, safety and quality of life of pupils in collaboration with the Collège and Lycée. We help request teacher replacements when absent (to the Rectorat if necessary), we notify management of bullying and cyber-bullying issues, we assist pupils to better handle stress at school, we promote ecological projects, etc.
